Description:

This product does not collect, store, or process any personal data. It is a physical enclosure made of PETG with brass threaded inserts and stainless steel screws, intended for electronic assemblies such as guitar effects pedals.

As such, it poses **no inherent risk under the General Data Protection Regulation (GDPR)**.

However, if this enclosure is used in a product that processes personal data (e.g. devices with data logging, user identification, or connectivity features), the final responsibility for GDPR compliance lies with the manufacturer or system integrator incorporating this enclosure into a broader product.

The object of the declaration described above is in conformity with the relevant Union harmonization legislation:

- 2014/30/EU — Electromagnetic Compatibility Directive

- 2011/65/EU — Restriction of Hazardous Substances (RoHS) Directive
- Regulation (EC) No 1907/2006 — REACH
- 2001/95/EC — General Product Safety Directive

Harmonised standards applied:

- EN IEC 63000:2018 (Technical documentation for RoHS)
- EN 55032:2015 (Electromagnetic emissions — optional due to passive nature)
- EN 50581:2012 (Material declaration for REACH/RoHS)
